New York, N. Y. March 20, 1909.
I am very grateful to you for the benefit I have derived from the use of Wine of Cardui. Its use has made such an improvement in my health that I feel it is only just to you to acknowledge the facts. For the past two years I have been con-

stantly ailing so that I could not en-joy life and to perform my daily daties became a hard and ardnous task. I suffered from nervous dyspepsia, causing severe pains in the stomach, headache and dizziness, while I was so nervous and sensitive that the least trouble would upset me and lause pulpitation of the heart and

I had been doctoring without getting any relief when a friend visited me who had a bottle of Wine of Cardon in her trunk. She told me she was using it and that it was the best medicine a suffering woman could take. I tried a dose that night and noticed that I slept better. I bought a bottle the next day and began taking a wine glass full twice a day. Soon the change was noticed for the better. The heavy oppressed feeling and pain in my stomach disappeared, my head became clear and I could cat and sleep as I had not done for months. I became regular and suffered no pain and felt happy and light and so claif that Wine of Cardon was no pain and felt happy and light and so glall that Wine of Cardul was brought to my notice. It has been so helpful to me that I feel it my duty to advise sick and suffering women to try this wonderful remedy.
